

**OTVORENE SU PRIJAVE ZA SMAR3TS LETNJU ŠKOLU U PORTU, PORTUGAL, KOJA ĆE SE ODRŽATI
OD 11. DO 15. MAJA 2026. GODINE!**

Da li ste spremni da zamislite i pomognete u izgradnji grada budućnosti? Pridružite nam se na intenzivnom petodnevnom programu **„Regenerativne tranzicije: zajedničko osmišljavanje tehnologija, ekosistema i uticaja“**, koji će se održati u INESC TEC-u. Letnja škola će okupiti istraživače svih disciplina i profila, sa ciljem saradnje, inoviranja i sticanja praktičnog iskustva u zajedničkom osmišljavanju klimatski pozitivnih rešenja.

Istraživaćemo regenerativne tranzicije u četiri ključna sektora: ishrana, stanovanje, energija i mobilnost, kroz inspirativne radionice, okrugle stolove i panele koje vode renomirani akademici i stručnjaci iz industrije. Događaj će takođe pružiti brojne prilike za umrežavanje, razmenu ideja i uspostavljanje dugoročne saradnje, u živopisnom okruženju grada Porta. Bez obzira na to da li ste istraživač na početku karijere ili iskusni naučnik, ovo je vaša prilika da teoriju pretvorite u primenljivo istraživanje i doprinesete otpornim, obnovljivim i regenerativnim društvima.

Postanite deo prve SMAR3TS Letnje škole uživo. Hajde da zajedno oblikujemo ono što dolazi!

SUMMER SCHOOL 2026

Regenerative Transitions: Co-Designing Technologies, Ecosystems and Impact

Designed for early-stage and experienced researchers who want to actively contribute to a regenerative future. 5-days of immersive collaboration tackling real-world challenges for Resilience, Restoration, & Regeneration.

INESC TEC, Porto, Portugal
Monday 11 - Friday 15 May, 2026

Limited Spots!
Free to Register

EOI Now OPEN!

**Regenerative Transitions:
Co-Designing Technologies,
Ecosystems and Impact**

SMAR3TS Summer School,
May 11th – 15th 2026 in Porto, Portugal

Are you an early-stage or experienced researcher
wanting to drive action for a regenerative future?

sign up now

Expect **5 days** of:
solution-oriented collaboration
insights from industry experts
cross-disciplinary networking
social activities
and more...!

SMAR3TS is funded by the European Union under the Horizon Europe Marie Skłodowska Curie Staff Exchange Program Project ID: 101016376

**EXPRESSIONS OF INTEREST ARE NOW OPEN FOR THE SMAR3TS SUMMER SCHOOL IN
PORTO, PORTUGAL, FROM 11–15 MAY 2026!**

Are you ready to imagine and help build the city of the future? Join us for an intensive five-day program, **“Regenerative Transitions: Co-Designing Technologies, Ecosystems and Impact”**, hosted at INESC TEC. The Summer School will bring together researchers from all disciplines, backgrounds, and career stages to collaborate, innovate, and gain hands-on experience co-designing climate-positive solutions.

We'll explore regenerative transitions in four key sectors: nutrition, housing, energy, and mobility; and engage through inspiring workshops, roundtables, and panels led by renown academics and industry experts. The event will also provide plenty of opportunities to network, exchange ideas, and forge lasting collaborations in the vibrant surroundings of Porto. Whether you're an early-stage or experienced researcher, this is your chance to transform theory into actionable research and contribute to resilient, restorative, and regenerative societies.

Be part of the first in-person SMAR3TS Summer School. Let's shape what's next - together!

For any questions, you may reach out to info@smar3ts.eu.
